

Minnesota Shorthorn Ass'n
SHOW and SALE

APPLETON, MINNESOTA

Tuesday, March 29

The west is beginning to see more and more of these rugged Shorthorn bulls. They do their breeding jobs well and produce heavier earlier maturing calves.

MINNESOTA SHORTHORN

Show and Sale

TUESDAY, MARCH 29, 1966

HEATED FAIRGROUNDS PAVILION

APPLETON, MINNESOTA

SHOW - 9:00 a.m.

SALE - 12:30 p.m.

36 BULLS — 11 FEMALES

No Better Place To Buy Than In Minnesota

(Please bring this catalog with you!)

GENERAL INFORMATION

TIME — Tuesday, March 29, 1966. Sale will start at 12:30.

LOCATION — The sale will be held in the modern, heated, sale pavilion on the fairgrounds at Appleton, Minn. Appleton is located on U.S. Highway No. 59 and has excellent paved roads in all directions.

TERMS — The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase and the sale manager is notified of the arrangements. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at the buyer's risk as soon as bid off.

GUARANTEE — All cattle sold in this sale will be sold under the Standard Guarantee endorsed by the American Shorthorn Association.

LIABILITY — Each transaction in this sale will constitute a contract between the buyer and seller of each lot. The auctioneers, clerk, and sale manager have been employed by the consignors for specific tasks not connected with the handling of the cattle or the condition of the premises, and they accept no liability, legal or otherwise, for the buying contract or for any accident. Every effort will be provided for the comfort and safety of those attending this sale, but sellers or Minnesota Association officers and directors cannot accept liability for injuries that may occur. Accidents at cattle sales are rare, but all attending must do so at their own risk. Statements from the block will take precedence over information in the catalog.

HEALTH — All cattle are absolutely healthy in every respect and will have passed a tuberculosis and Bang's disease test within 30 days of sale. Health certificates will be furnished.

CERTIFICATE OF REGISTRY — A certificate of registry will be furnished with each registered lot and the certificate will be transferred to the buyer without cost to him. Application for registry, properly signed will be furnished for each unborn calf sold in dam.

AUCTIONEER — Dick Kane, Wisner, Nebraska.

FIELDMEN — Clarence Brown, Appleton; Al Hamann, Rock Rapids, Iowa; Ted Aegerter, American Shorthorn Ass'n, Omaha.

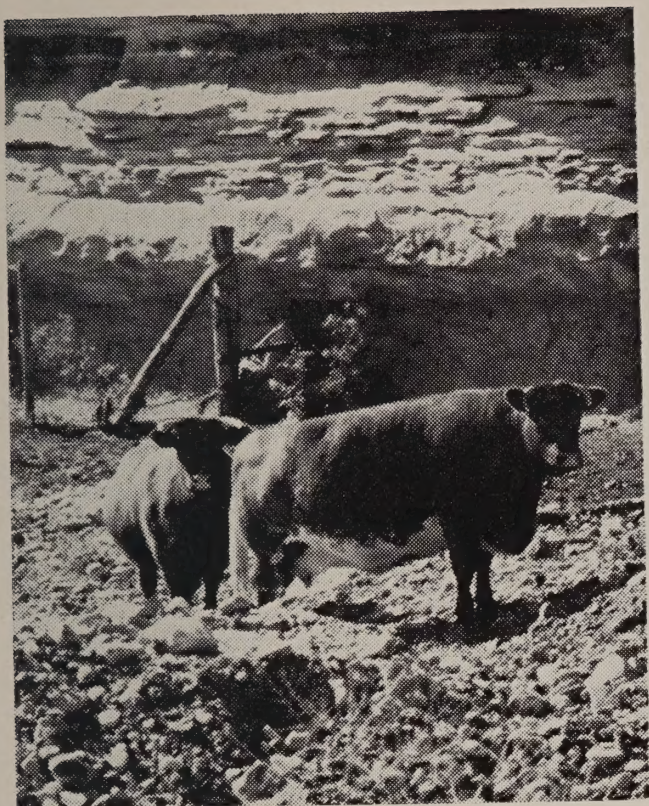

SALE MANAGER — Bill Stunkel, The Shorthorn World, 1228 N. Nye Ave., Fremont, Nebraska.

VETERINARIAN — Dr. Will Schleifer, Appleton.

LUNCH — The Appleton FFA chapter will have a lunch stand in the cattle barn.

FOOTNOTES — All footnotes have been written by consignors or prepared from information presented by consignors.

LATE MAIL BIDS — Address, phone or wire any of the fieldmen, the auctioneer, or sale manager, care of Appleton Motel, Appleton, Minnesota.

Shorthorn females can take it. Wherever beef cattle are grown you will find Shorthorns. Note the thick fleshing of these two Shorthorn cows as they rough it on sparse New Mexico rangeland.

INDEX TO CONSIGNORS

James Bryan, Red Wing, holds his champion bull at the 1964 Appleton Sale, Cannondale Custodian 51st. He sold for \$625 to Oscar Hanson, Appleton, Minn. These are the kind of bulls you will find in this year's sale.

SHOW CLASSIFICATION

Judge: Edgar Olson, Fosston, Minnesota

Show starts at 9:00 a.m., March 29

BULLS

CLASS I — Bulls calved Jan. 1, 1963 to July 31, 1963

Lots 1, 2 and 3.

CLASS II — Bulls calved between Aug. 1 and Dec. 31, 1963

Lots 4, 5, 6, 7, and 36.

CLASS III — Bulls calved between Jan. 1 and March 31, 1964

Lots 8, 9, 10, 11, and 12.

CLASS IV — Bulls calved during April, 1964

Lots 13, 14, 15, 16, 17, 18, and 19.

CLASS V — Bulls calved during May, 1964

Lots 20, 21, 22, 23, and 24.

CLASS VI — Bulls calved between June 1 and July 31, 1964

Lots 25, 26, 27, 28, 29, and 30.

CLASS VII — Bulls calved after Aug. 1, 1964

Lots 31, 32, 33, 34, and 35.

Champion _____ Reserve Champion _____

FEMALES

CLASS VIII — Females calved before 1964

Lots 38, 40, and 41.

CLASS IX — Females calved during 1964

Lots 39, 42, and 37.

CLASS X — Calved between Jan. 1 and June 30, 1965

Lots 43, 44 and 45.

CLASS XI — Females calved after July 1, 1965

Lots 46, and 47.

Champion _____ Reserve Champion _____

GROUPS

CLASS XII — Best pair, bull and female, owned by exhibitor.

A beautiful Traveling Silver Platter is awarded each year by the APPLETON CHAMBER OF COMMERCE to the winner of the group class. This trophy becomes the permanent property of the first breeder who wins this class twice.

The Appleton Business Men's Association will provide prizes to the champion and reserve champion bull and female.

Ribbons will be awarded the class winners.

More and more feeders are paying a premium to buy Shorthorn calves like these for their feedlots. They gain well and are ready for market sooner than other breeds. Shorthorn crossbreds are also in strong demand and are bringing top prices.

SCHEDULE OF EVENTS

MONDAY, MARCH 28

- 6:30 P.M.—Annual Minnesota Shorthorn Ass'n banquet. To be held at the Armory. Dinner served by V.F.W. Auxiliary.
- 8:00 P.M.—Annual meeting of Minnesota Shorthorn Ass'n and election of officers and directors.

LOT 7 — BLUMFIELD DIAMOND 11th — This big, rugged, good-headed bull has the size and age to do a great job.

WHY USE SHORTHORN BULLS ?

John Catron, Camp Crook, South Dakota, turned a Shorthorn, a Polled Hereford, and an Angus bull with 120 cows. One hundred calves resulted. Catron did not guess — he weighed the calves.

THE BOX SCORE

Sire	No. Calves	Average Weaning Wt.	Total Pounds
Shorthorn	47	330 lbs.	15,510
Hereford	34	306 lbs.	10,404
Angus	24	313 lbs.	7,512

John Catron, just like you, Mr. Cattleman, was interested in production of total pounds of quality meat. That's why he now is convinced of the advantages and reliability of Shorthorns. You, too, can harvest this kind of a crop by using Shorthorns.

LOT 8 — BULL**Blumfield Farms****BLUMFIELD DIAMOND 12th 3198-138**

Bob Rutledge, Donahue & Rutledge Ranch, Cheyenne, Wyo., says . . . "We started with Whitefaces but snow-burned udders reduced our weaning weight. We then bought black bulls but ran into shy breeding problems after we had gone completely to Angus. This resulted in a short uneven calf crop and a long drawn out calving period. We then changed to Shorthorn bulls. The advantage has been 50 to 75 lbs. increased weaning weight and one to two cents per pound premium. We have 70 per cent of our calves in the first three weeks of calving."

LOT 18 — CANNONDALE WELCOME 31st — A full brother to our champion bull, pictured above, at this sale a year ago that sold to James Spencer, Claremont, S. D. A maternal half brother was champion here in 1964 and sold to Oscar Hanson, Appleton. This bull has a good head, is smooth and wide over the back, deep and wide in his quarter with a lot of bone and muscling. His mother is the kind that anyone would like to have as the dam of his herd bull. Carries a high semen test.

Jim Shaw, Hodges, Mont., started using Shorthorn bulls on his whitefaces eight years ago. In 1964 his crossbred calves averaged exactly 100 lbs. a head more than his straight whitefaces eight years ago.

LOT 19 — BULL**Torgerson Bros.****OAK HILL PRESIDENT 3228-310**

C. A. Mallett Cattle Co., Miles City, Mont., writes: "Our cow herd contains 600 Angus and crossbred cows. Our entire sire battery is now Shorthorn bulls. We purchased Shorthorn bulls to get a better calving percentage, a heavier calf, and a better feeding animal. Shorthorn crossbreds wean about 10 per cent heavier than straightbreds of other breeds. I think the Shorthorn cross will eliminate a lot of the cancer eye and womb troubles of the Hereford."

Shorthorns topped all breeds in the 1965 Michigan Beef Cattle Performance Test. With 447 bull calves and 436 heifer calves entered, the Shorthorn's 180-day average weaning weight was 611 pounds as compared to the over-all average of 408 lbs. They graded 14.3 as compared to the general grade of 12.4. The Shorthorn heifers averaged 461 lbs. at 180 days as compared to 392 lbs. for all breeds. They graded 14 as compared to 12.3 for other breeds.

LOT 37 — MM'S STAR DUCHESS — One of the first daughters we are offering by Marmac Polaris, 1961 International first-prize winner. A well balanced heifer with good depth, thickness and rear quarters. Sells well along in calf to MV Leishman 10th. Calfhood vaccinated.

WHAT IS HE WORTH ?

What is a good Shorthorn commercial bull worth? Those of you who have had experience with Shorthorns know their superior profit making ability and have a figure in mind. For those of you who have not had experience with Shorthorns, we cite this story . . .

Ray Holder, Harrisonville, Mo., used a Shorthorn bull on 20 cows of another beef breed. He used a bull of the same breed as the cows on 20 others.

Nineteen crossbred calves resulted. These were developed the same way and on the same feed as his straightbred calves. At the end of eight months, when sold, the crossbreds averaged 189 lbs. a head more than the straightbreds and sold for the same price. The heifers sold for \$20.00 per cwt. and the steers for \$23.00.

A little arithmetic shows that the Shorthorn bull added \$43.47 to the value of every steer calf and \$37.80 to each heifer calf. If ten of these were steers and nine heifers, the added return from using a Shorthorn bull was \$774.90 on just one calf crop of 19 head.

Good Shorthorn bulls will make you money. We have the profit-making kind in this sale.

LOT 42 — LONE PINE HOLLY ANN — A straight lined heifer that should
 turn into a good brood cow. Her dam was a show heifer. Served November
 8th to Lone Pine Hercules, a son of Aberfeldy Benefactor out of a Bapton
 Majestic dam.

Shorthorns topped all breeds in nearly every division
 in the 1965 record of production bull feeding tests, Cul-
 peper, Va. Shorthorns had a 205-day adjusted weaning
 weight of 576 lbs.; a 365-day weight of 939 lbs.; a weight-
 per-day-of-age gain of 2.56 lbs. They also had the high-
 est type score.

A few of the good cows in the Dale Perry & Sons herd, Appleton. Lot 43 is from this herd.

We think you'll like these calves by Remitall White Cap. They are young but will make good buys for 4-H or FFA youngsters.

STANDARD GUARANTEE

Endorsed by
AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
6. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
8. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
